*Magic Lite Ltd. presents*

## ***Xenon Picture Light***

Magic Lite's Xenon Picture Light (XPL) series is a professional tool for lighting art work of all sizes.

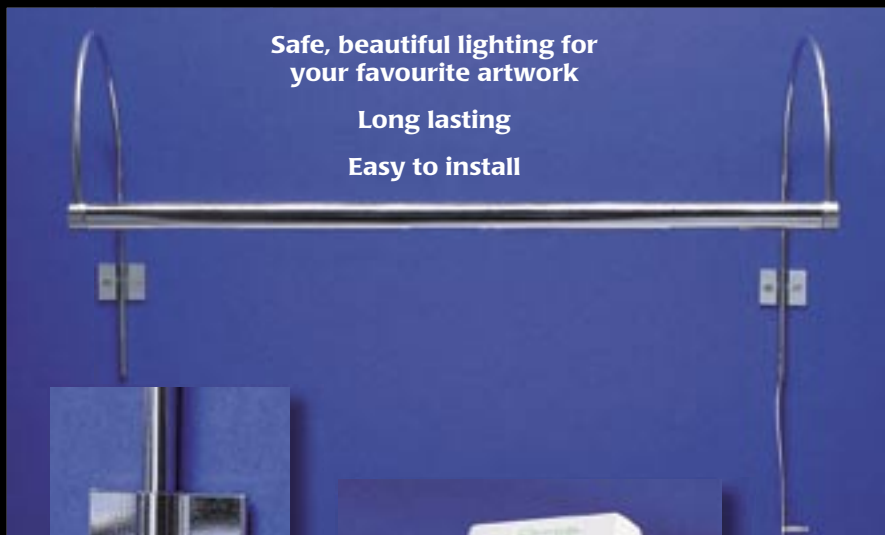

XPL utilizes the same 18 watt xenon lamp technology as our highly successful Xenon Task Light (XTL), Xenon Mini Light (XML), Xenon Step Light (XSL) and Xenon Brick Light (XBL).

Xenon lamp technology provides safe light that will not damage artwork with harmful UV rays or excessive heat associated with traditional light sources.

There are four sizes to choose from: 1 lamp, 2 lamp, 3 lamp and 4 lamp units.

There are four decorative finish options to choose from: Polished Brass, Bronze, Black and Chrome.

Xenon Picture Light by Magic Lite Ltd. provides a safe, attractive and affordable way to light pictures, walls, podiums and decorative accessories.

Mounting Bracket

120 volt plug and switch

30.5 cm H, 57.2 cm W, 22.9 cm D
- 2 Bulb Unit – 12”H, 13”W, 9”D  
30.5 cm H, 33.0 cm W, 22.9 cm D
- 1 Bulb Unit – 12”H, 6.5”W, 9”D  
30.5 cm H, 16.5 cm W, 22.9 cm D

## **Four Finish Options:**

Black, Chrome, Bronze and Polished Brass

## **Why Choose Xenon Picture Lighting?**

- ✓ Safety - burns significantly cooler than halogen
- ✓ Low pressure lamps are safer than halogen
- ✓ No problem to touch bulb when re-lamping
- ✓ Easy to re-lamp
- ✓ Long Life – 10,000 hours
- ✓ No harmful UV rays from lamp
- ✓ Fast and easy installation
- ✓ Solid brass construction
- ✓ Fixture casing rotates 45° to control and maximize picture illumination
- ✓ Bulb replacement has low voltage safety (12 volt class 2 transformer in each fixture)

## **Applications**

Picture illumination • Wall illumination • Podium light • Display cases • Indirect accent light  
Anywhere you desire accent illumination in an aesthetically pleasing manner!
